

## GOMEZ WILL BE PRESIDENT.

Cuban Assembly Will Elect Full Cabinet at the Coming Meeting.

Advices from Santiago state that the meeting of the Cuban assembly at Santa Cruz is fixed for October 20th, but owing to lack of transportation facilities the members of the assembly will be unable to arrive at Santa Cruz on time, and the end of the month will probably have come before the election of a president and cabinet takes place.

El Cubano, a daily paper of Santiago, predicts the election of the following ticket:

President—General Maximo Gomez.

Vice-President—Senor Bartolome Maso.

Secretary of Foreign Affairs—Dr. Domingo Mendez Capote.

Home Secretary—Senor Benjamin Guerra.

Secretary of Justice—Senor Jose A. Lanuza.

Secretary of War—General Calixto Garcia.

Secretary of Public Instruction—Senor Enrique Varona.

## AID FOR STORM SUFFERERS.

Government Grants Army Rations to People in Flooded Districts.

A Washington dispatch says: Government aid in the shape of army rations will be given to the sufferers from the recent floods in Georgia who are in need of the bare necessities of life.

Application for this assistance came to the war department from Hon. William Clifton, secretary of state of Georgia, and Representative Livingston. Secretary Alger referred the matter to the president, recommending favorable action, and the former suggested that a conference be had with the officials of the department of justice before anything was done.

This was held Saturday morning and Solicitor General Richards, who is acting attorney general, holds that while there is no direct statutory authority for extending such relief, there is no statutory prohibition, and in view of the fact that the government has given assistance in such emergencies as the present, he thought that the executive power generally would authorize the relief asked for.

## LEAVE FASHODA OR FIGHT.

England Insists That France Shall Evacuate That Territory.

A London dispatch says: The week opened with an ominous rattling of sabers over Fashoda and ended with the rumblings of a revolutionary volcano in Paris.

The situation arising out of the question between Great Britain and France as to the right of occupying Fashoda is extremely grave. Everything hinges on the nature of the report of Major Marchand, the French commander at Fashoda, which is now on its way from Khartoum to Paris.

The evacuation of Fashoda by the French must, however, take place if war between Great Britain and France is to be averted, as the marquis of Salisbury has nailed his colors to the mast and cannot recede from the position he has taken up and in which he has received the unanimous support of the country.

## THE CREW MUST SHARE.

Decision As To Disposition of Prize Money in Rita Case.

In the United States district court at Charleston, Saturday, Judge Brawley handed down an opinion in the Rita prize money case. The question at issue was whether all of the crew of the Yale should share in the money or merely those who were enlisted regularly in the United States navy.

Judge Brawley decrees that all the crew shall share in the proceeds of the sale of the ship. The Rita was bought by the government for \$125,000.

Captain Wise, of the Yale, will receive \$9,000.

## LANGFORD "NOT GUILTY."

Acquitted of the Charge of Murder But Held on Another Warrant.

The jury in the Langford case, at Zebulon, Ga., after being out all night, made a verdict Saturday morning which reads:

"We, the jury, find the defendant, Tom Langford, not guilty."

Sheriff Milner had a warrant for Langford under which he was detained after the verdict was read, and he was already under bond in another case, so that he is yet in the clutches of the law.

## AFTER GOVERNOR TANNER.

Coal Company Wants to Blame Him for Virden Riots.

Attorney William Patton, of the Chicago-Virden Coal company, at Virden, Ill., is authority for the statement that no further attempt will be made to land the Alabama negroes, whose coming resulted in the loss of so many lives.

There is under consideration, according to Attorney Patton, an attempt to fix the responsibility for the tragedy upon the governor of Illinois. The lawyer declares that it is the intention of the coal company to press the matter.

## The Major's Experience.

From the Detroit Free Press.

One of the staunchest supporters of the deep-water way from the Great Lakes to the ocean is Major A. C. Bishop, of 715 Third Ave., Detroit, a civil engineer of wide experience and considerable prominence in his profession. He was assistant engineer on the Hudson River Railroad in 1880 and has since conducted large engineering operations. He has been located in Detroit since 1881, and has a large acquaintance among the business men, and citizens of this city.

Two years ago, for the first time, Major Bishop was in the hospital. For two months he had the best of medical attendance, but when he was discharged he was not like the Major Bishop of old. When asked regarding his health, he said: "When I had my last spell of sickness and came out of the hospital I was a sorry sight. I could not gain my strength, and could not walk over a block for several weeks."

"I noticed some articles in the newspapers regarding Dr. Williams' Pink Pills for Pale People, which convinced me that they were worth trying and bought two boxes. I did not take them for my complexion but for strength. After using them I felt better, and know they did me worlds of good. I am pleased to recommend them to invalids who need a tonic or to build up a shattered constitution."

"A. C. Bishop."

Subscribed and sworn to before me this eight day of January, 1893.

ROBERT E. HULL, JR., Notary Public. The pure, powerful vegetable ingredients in Dr. Williams' Pink Pills for Pale People supply the antidote for poisonous matter in the blood and add those elements needed to build up body and brains. Many diseases long supposed by the medical profession to be incurable have succumbed to the potent influence of these pills. They can be taken by young or old, being harmless in their nature, but powerful in eliminating disease.

## Criminals in Uruguay.

Here is one of Robert Crawford's stories about Uruguay: "Two men surprised a farmer and his wife in their little hut while it was broad daylight. The man was seized and bound and the two villains proceeded to torture him to make him disclose the hiding place of his hoard. The wife begged and pleaded as the horrors increased, the man proving obdurate. Finally she said she would tell them where the treasure was if they would follow her. One of the two accordingly went over to the chest in the corner with her. She opened it, fumbled about inside of it for a moment until she found what she was looking for. In another moment the thief at her side was dead and his fellow covered by a large revolver in the hands of a small but eager woman of the people. He got away before she could quite make up her mind to shoot him, too. Then the husband was released and the neighbors, some miles away, called in. Word was finally taken to the central police authority of the state; the officers came, viewed the dead thief—and identified him as their Attorney-General. It is not unlikely," Mr. Crawford adds, "that his accomplice was the Judge of the Criminal Court."—New York Tribune.

## GERSTLE'S Female Panacea

Cures All Diseases of Women.

MANY women are under the impression that the diseases peculiar to their sex are natural and incurable because so many suffer constantly from them. This is a mistake. Few women are so badly diseased that they cannot be cured. It is true, that had they taken a remedy that was efficient when the first symptoms of disease appeared, a more rapid cure would have been the result. No woman should neglect herself. When the monthly period becomes too frequent, painful, profuse, obstructed, or irregular in any way, or if she suffers from falling of the womb, whites, or any other female trouble, she should at once resort to the use of
